- One Leukemia/FIV Combo Test
- Three FVRCP vaccines *
- Two Leukemia vaccines*
- One Rabies vaccine
- One Fecal Exam
- Two doses of dewormer
- Single dose of Revolution(Flea/HW/gi parasite prevention)

Regular Price: \$357.31

Discounted Price: \$285.85

Savings: \$71.46

A kitten package must be purchased at time of first visit. Upon purchase, you also receive a 10% discount off the surgery price of a spay/neuter as long as your kitten is spayed/neutered within one year of purchase. Kitten package is non-refundable.

Regular price for a neuter: \$150.00

Regular price for a spay: \$250.00

All spay/neuter packages include pre-anesthetic blood work, IV fluids, anesthesia monitoring, the surgery itself, and hospitalization. E-collar and pain medication to go home are extra as they are weight/size dependent and vary with the animal.

*It is the responsibility of the owner to keep scheduled appointments. If vaccines are not given at appropriate intervals (once every 3-6 weeks) additional boosters may need to be given at owner's expense.
